

Fight COVID-19 and other diseases with

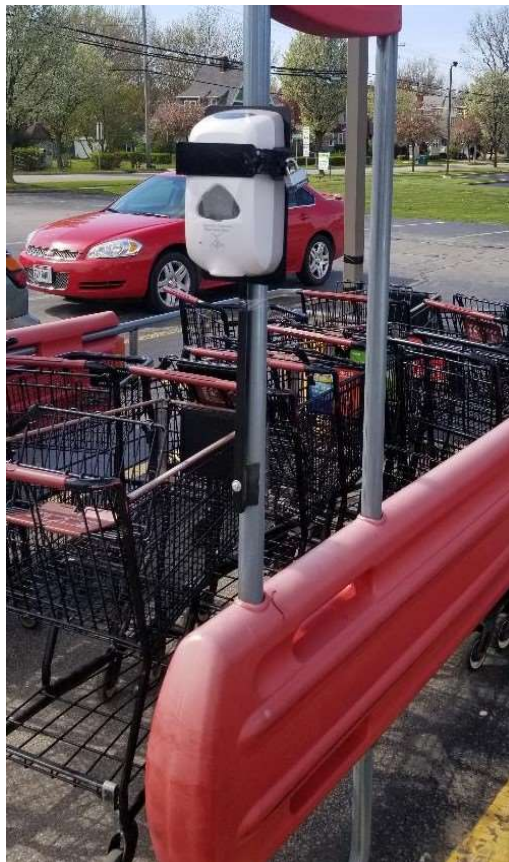

PAPER TOWELS and SANITIZERS!

Now, with new mounts and supports, you can *help your customers stay healthy* by putting them in some *new places*

LIKE AT SHOPPING CART CORRALS >> Say “Thanks!” to your customers by letting them sanitize their hands after they have put their cart in the corral and are ready to get in their car.

(It's the best way to make sure your customers leave your store with clean hands, and they will appreciate your thoughtfulness!)

OR, OUTSIDE OF YOUR ENTRANCE DOORS >> Give them a towel to use so they don't have to directly touch the door handle! *(Do you sanitize the handle every time someone touches it? – If not, some of your customers may get sick).*

For Touchless, mechanical or electronic dispensers

Options include:

- (a) Dispensers (not always available);
- (b) Innovative mounting plates to secure dispenser to various types of flat surfaces;
- (c) Free-standing, floor-anchored and pipe-mounted support posts;
- (d) Lockable, but easily-removed lift-off models can be taken inside when store is closed;
- (e) Step-on waste can (w/towel dispensers);
- (f) Locking bands to prevent theft of dispensers or waste can;
- (g) Weather protective covers.
