

***Fight COVID-19 and other diseases with***

# ***PAPER TOWELS and SANITIZERS!***

Now, with new mounts and supports, you can *help your customers stay healthy* by putting them in some *new places*

**LIKE OUTSIDE OF YOUR ENTRANCE DOORS >>** Give them a towel to use so they don't have to directly touch the door handle! (*Do you sanitize the handle every time someone touches it? – If not, some of your customers may get sick!*)

**OR AT SHOPPING CART CORRALS >>** Lets your customers sanitize their hands as a final preventive step after they've put their cart in the corral and will touch nothing more until they get in their car. (*It's the best way to make sure your customers leave your store with clean hands, and they will appreciate your thoughtfulness!*)

***For Touchless, mechanical or electronic dispensers***

**Options include:**

- (a) Dispensers (not always available);
- (b) Innovative mounting plates to secure dispenser to various types of flat surfaces;
- (c) Free-standing, floor-anchored or pipe-mounted posts;
- (d) Lockable, but easily-removed lift-off models can be taken inside when store is closed;
- (e) Step-on waste can w/towel dispensers;
- (f) Locking bands to prevent theft of dispensers or waste can;
- (g) Weather protective covers.
